Big relief

FROM : MY STORY -R. MALLAIAH (Patient)

GOOD MORNING TO ALL.

I am a 65 year old male suffering with a swelling over the umbilical region since long time took it as a casual thing but as time goes I used to feel some discomfort after having my meal every time gradually it goes on increasing, I am worried consulted few near by doctors they doubted it as hernia and needs a surgery.

Many doctors are coming every year but I want to visit a trust worthy hospital, so without a second thought took a surgeon appointment (Dr. Goutham Roy) at Apollo Reach Hospitals. He assured made me feel comfort explained about the procedure, undergone surgery hernia repair with mesh on 01/07/2022.

Post-operative care and service was excellent I did not miss my home and family members discharged without any complications and suffer.

I thank you to my Doctor, Team and Apollo Reach Hospitals, Karimnagar.

Thanking you.
